

MID-ATLANTIC COMBINED HEAT AND POWER APPLICATION CENTER

-- RESOURCE LIST --

The Mid-Atlantic CHP Application Center has prepared a database of local firms that provide CHPrelated

products which is being provided as a service for individuals who are looking for information on CHP. No formal evaluation of the companies or organizations identified in this database has been performed, therefore there is no endorsement, implied or otherwise, made by the identification of a company or organization in this database list. As is normal prior to entering into any contract or conducting significant business with any company or organization, it is recommended that a prudent investigation of that company or organization be made.

Product / Services Provided

[E-Finity Distributed Generation](#) is the exclusive [Capstone MicroTurbine](#) distributor for the Mid-Atlantic and South Eastern United States. Headquartered in suburban Philadelphia, Pennsylvania, [E-Finity](#) has regional offices throughout its territory including an office dedicated to the oil & gas industry located in [Clarksburg, West Virginia](#). The 30, 65, 200, and 1000 kW turbines make hot water, chilled water, and steam 24/7.

[Capstone MicroTurbine](#) installations have been recognized by the U.S. EPA CHP Partnership and heralded among the "World's Best Power Plants" by [Diesel & Gas Turbine Worldwide](#) magazine. Their current fleet is approaching 200 active turbines spanning all market sectors including hospitality, oil & gas, industrial process, data centers, and municipal government. [E-Finity's](#) team is qualified to provide sales support including conceptual design services, application engineering support and all authorized servicing of [Capstone](#) and ancillary CHP products. The company prides itself on 99% turbine availability and 100% customer satisfaction. [E-Finity Distributed Generation](#) "Power to be Independent."
