

MID-ATLANTIC COMBINED HEAT AND POWER APPLICATION CENTER

-- RESOURCE LIST --

The Mid-Atlantic CHP Application Center has prepared a database of local firms that provide CHP-related products which is being provided as a service for individuals who are looking for information on CHP. No formal evaluation of the companies or organizations identified in this database has been performed, therefore there is no endorsement, implied or otherwise, made by the identification of a company or organization in this database list. As is normal prior to entering into any contract or conducting significant business with any company or organization, it is recommended that a prudent investigation of that company or organization be made.

Company & Contact Information

Company Name: [Integrated CHP Systems Corp.](#)

Website Address: www.ichps.com

Primary contact:

Name: [Gearoid Foley](#)
Title: [President](#)
Address: [15 Berkeley Pl, Fair Lawn, NJ 07410](#)
Phone: [\(201\) 791 0180](#)
fax: [\(201\) 791 9273](#)
email: gearoid@ichps.com

Product / Services Provided

[Integrated CHP Systems Corp.](#) is a systems integrator specializing in the design and provision of prepackaged thermally activated technologies for integration with a variety of on-site electric generating technologies.

[Integrated CHP Systems Corp.](#) was formed to bridge an important gap in the industry by combining thermal equipment design, HVAC engineering and power systems experience into one company. We optimize and integrate commercially available technologies from major manufacturers in pre-engineered packages designed to provide cooling, heating and dehumidification from the waste heat of on-site power generation. For applications from 250 kW to 15 MW, systems are designed to be base loaded and provide a variety of thermal forms to meet building HVAC requirements.

We are currently working with the California Energy Commission and major U.S. generator manufacturers to develop replicable packaged thermal systems for application with Internal Combustion Engines and Gas Combustion Turbines.

CHP Products or Services:

	CHP Project Developer
	Energy Services Provider
	Financial Services
X	Equipment
	Packaged Gen-Sets / Complete Systems
	Reciprocating Engines (> 1 MW)
	Reciprocating Engines (< 1 MW)
	Microturbines (< 100 kW)

Contact the Mid-Atlantic CHP Application Center (www.chpcenterma.org) for information or technical assistance on CHP technologies, applications, and issues.

	Combustion Turbines (> 100 kW)
	Steam Turbines
X	Heat Recovery Equipment
	Controls & Electrical Interconnection Equipment
X	HVAC
	Consulting Services
	Energy Audits
	Energy Management Programs
	CHP Project Management
X	HVAC System Design
	Construction (Turnkey)
	Operations & Maintenance Services
	Fuels
	Natural Gas
	Propane
	Oil (#2 or #6)
